Subject: FW: Briefing Reqd. Silverstream Spur & Guildford development- Consultation/Timeline

Ralph,

Here is the response we provided to Min Hipkins' office and I have deleted the name of the member of the public who sought the information. Our number's around land size are off as we worked on the area of the land identified within zones A – C which is less than the 350ha you mentioned this morning. We were working on 218ha approx.

We will use some of this in our website to help answer some of the more frequently asked questions and just putting that together.

The chat this morning was helpful and we are looking to find a time over the next week or two to get together and will work through James. We are also looking at identifying a date in early Apr for a workshop with Council and would look to invite you to present your master plan to the Council and take questions.

Cheers

Peter
