Spoke to Anna about this briefly yesterday.

She's looking for talking points on:

- Peak capacity (see attached email from Lana)
- MDAG

She didn't say this but I suspect she'll want talking points on other key areas likely to be of interest to the Minister – can we get someone to go through the government's priorities and have those topics all covered? If you need Nathan to help let me know.

While I think about it – we'd better have some talking points for the Minister for 18 Dec....
