Dear Mr Harris

Thank you for your Official Information Act request of 24 May 2012, asking:

- *how many Ministerial self-drive vehicles are light electric vehicles?*
- *If the answer to the above is more than zero, which Ministers are they assigned to?*

There are currently no light electric vehicles in the Ministerial self-drive vehicle fleet. However, all Ministerial self-drive vehicles conform to Euro 4 emissions standards as specified by the New Zealand Transport Agency.

Yours sincerely
