Hi Minister. Thanks very much for that. Sorry we didn't get back up to your office. Our cards didn't work on the underpass door! Nice to have that one done. Kind regards Andy

Thanks very much for the support. You have a great team.

Good morning Minister. Do you have a moment for me to give you a heads up on an unfolding situation in Auckland? Thanks Andy

Hi Minister. I am about to board a plane back from Christchurch. I will be making my way to Auckland to front media up there. The current situation is we believe a number of people have been shot including civilians who are deceased. We have two police officers shot, as we understand it at this stage I am seeking an update on their condition. We will ask the team to keep passing information through to the office. I will connect later on when I am back on the ground. Thanks Andy

Hi Minister. There is a bit of process to go through before release or bail might occur. I have let our s9(2)(a) s9(2)(a) know your contact details so he can advise if that is occurring. It could well be a couple of hours from now. They are mindful of well-being issues. Thanks Andy

Thanks Andy

Hi Minister. If you have a moment for a quick chat on the firearms privacy matter at some stage, that'd be great. Otherwise happy to relay a message through James if you are flat out. Thanks Andy

On another note, we have a successful applicant for the Deputy Chief Executive Iwi and Community role. I can brief you on that 1:1 on Monday, or by phone earlier, if you would prefer. Kind regards Andy

Thanks Andy. I'm free about 1.30pm and would be good to catch up briefly.

Ok great thank you. I will give you a call then.

Hi Minister. I've just been advised that the Association sent an email to members around 1pm. Jeremy has sent a copy to James.

Thanks

Hi Minister. Just following up again on the announcement of the DCE Iwi and Community appointment. We will be communicating to our Māori, Pacific and Ethnic focus forums in the morning tomorrow and then internally shortly after that. Wally is also now aware. If there are any caucus notifications you would like to make, I think that would be fine, with appropriate embargo! Ngā mihi Andy

Hi Minister. I imagine you're aware of a variety of upcoming protest activity. We will be taking a nationally coordinated approach to the monitoring and policing of that. I can take a call if you would like to discuss at all. Ngā mihi Andy

Good afternoon Minister. This will hopefully be the last operational update from me but, given its profile, I thought I'd best confirm that we have a strong policing plan in place for the funeral of **s9(2)(a)** We expect the funeral procession to leave Auckland tomorrow morning and travel south to Foxton, where

expect the funeral procession to leave Auckland tomorrow morning and travel south to Foxton, where the funeral will occur, likely on Monday. There will be a large number of bikes involved. They will pass through Taupō, where the Round Taupō cycle is occurring. We will have a police presence throughout, including involvement from districts along the route. We expect to monitor using the Eagle helicopter, as much as weather permits.

On another note, with approval from our new Minister, we'd be delighted to have you to PNHQ for a morning tea to thank you for your time in the role, if that is something you would be able to accommodate.

Thank you for everything you've done in support of Police. I've enjoyed working with you.

Thanks very much Andy. I'd be delighted to come to PNHQ for a morning tea.

I thoroughly enjoyed my time as Minister. The Police is an outstanding organisation and the culture change under your watch has made a significant difference. You should be proud of the lasting change that you have driven. I wish you all the very best for the future. I know your sharp wits, integrity and intelligence will serve you well.

Thank you, Minister. That's very kind of you. s9(2)(g)(i)
