

Appendix One

Table 01 – Smart Cities Summit and Expos

Council attendees	James Roberts - Chief Operating Officer
Location	Taipei, Taiwan
Date	27 March to 1 April 2023
Itinerary/agenda	As attached – Appendix 02
Expected and achieved outcomes	As the capital city, Wellington is home to 50 diplomatic missions and is generally internationally and outward focused. The city is also diverse, with about a third of our population migrating here from overseas. Our international relationships exist to achieve economic, cultural, social and environmental objectives that align with Council priorities. These relationships also provide an opportunity to learn from other cities about city development matters and innovative approaches to resolving city issues. An initial economic partnership agreement between Wellington and Taipei was signed in 1997. In 2015, the two cities signed a new partnership agreement which focuses on cooperation in trade and tourism, education and cultural links, creative industry exchange and the sharing of knowledge and information regarding local government best practice. There have been several civic engagements between Wellington and Taipei since becoming partner cities hosted by Taipei City Government. Councillor Young was invited by Taipei Computer Association and the Taipei Economic and Cultural Office in Wellington to attend the Smart City Summit & Expo, Asia’s largest smart city event with leaders from business and local government presenting smart and sustainable city solutions from around the world.
Expenditure	\$5,144.00

Table 02 – Queensland and New Zealand Government Rapid Transport and Urban Development Summit

Council attendees	Liam Hodgetts - Chief Planning Officer
Location	Brisbane, Australia
Date	30 October to 2 November 2022
Itinerary/agenda	As attached – Appendix 03
Expected and achieved outcomes	This trip was organised by the New Zealand Infrastructure Commission in conjunction with the Queensland Government and was for a summit which focused on rapid transit and urban development. The aim was to share lessons-learnt from applicable case studies in Queensland including Cross River Rail, Gold Coast Light Rail, Brisbane Metro and the Brisbane Olympic Committee. Liam Hodgetts attended as a representative from WCC, to look at projects that have been implemented in Queensland that are similar to initiatives we may look to implement in a future Wellington, and to meet directly with those involved in delivering these initiatives to hear how they progressed and benefited the city.
Expenditure	\$3,132.00

Table 03 – Mass Rapid Transit and Ticketing Trip

Council attendees	Siobhan Procter - Chief Infrastructure Officer
Location	Brisbane/Gold Coast, Australia
Date	30 January to 2 February 2023
Itinerary/agenda	As attached – Appendix 04
Expected and achieved outcomes	The aim of the trip was to look at Mass Rapid Transit and ticketing in Brisbane/Gold Coast to help inform the Let's Get Wellington Moving project.

Table 04 – Insurance Brokers Visit

Council attendees	Siobhan Procter - Chief Infrastructure Officer
Location	London, United Kingdom
Date	4 March to 14 March 2023
Itinerary/agenda	As attached – Appendix 04
Expected and achieved outcomes	AON firmly believe there was benefit in a WCC representative attending the London presentations, after 3 years out of the market, where insurers were asked to provide large levels of financial capacity in the event of a claim for which presenting your risk to them directly has proven benefits. The Council insurance strategy has a strong focus on Council involvement in the process of proactive marketing to insurers. This is critical to achieving the best results especially on an account that requires a significant amount of Wellington Earthquake capacity.

Please note: The expenditure for both Table 03 and Table 04 was \$14,856

Table 05 – Wellington Mayoral Delegation to Asia 2023

Council attendees	Karepa Wall - Tatai Heke Māori Chief Māori Officer
Location	Asia
Date	17 to 28 September 2023
Itinerary/agenda	Ordinary Meeting of Kōrau Tōtōpū Agenda
Expected and achieved outcomes	Karepa Wall travelled to Asia with Mayor Whānau in late September 2023. The outcomes and high-level itinerary for this trip were published on the Council Website in the meeting agenda for the Kōrau Tōtōpū - Long-term Plan, Finance and Performance Committee on Wednesday 13 March (see pages 69-85 of the report linked above).
Expenditure	\$9,766.04
