Thanks Stephen,

@Data-Enquiries (MoH) are you able to assist with the below?

@hnzOIA We will advise if we will accept this transfer once we hear back from the Data Team.

OIA request relating to cancer and maternal and neonatal stats.

Dear Ministry of Health,

Please supply the most up to date data on cancers, and maternal & neonatal morbidity and mortality statistics, beyond the publicly posted data that seems to be only up to 2019.

Clearly the lag is unconscionable and releasing up to date data will go a long way to informing and hopefully reassuring the NZ public

Yours faithfully,
M

Many thanks all for your help, much appreciated.

Hey Robyn

I just tidied up the formatting to put it into the template. But otherwise all good. Take a look.

Can I just check, did Chris intend for that disclaimer from the audit trail to go into the response? About the reason why data from a certain time isn't available yet?
