Kia ora team

We now have a Member of Parliament attending the event and wishing to travel on the Hercules flights – am alerting you ASAP as I know this changes things your end.

The MP is not a Minister: MP Julie Anne Genter. More information to follow. MP Genter has asked if she can store her cargo bike at the air base (I understand this is quite a large bike - the size of a big motor bike - someone might use to travel the length of the country on)

I have also been asked if there is the ability for a small number of passengers to park cars at the airbase (one or two) – please can you advise if this is possible at all.

I am also needing info re. check in and the meeting point for all passengers and times to meet etc to include in comms this week to all attendees. I will send the passenger spreadsheet over this afternoon – we are sitting at around 40 passengers each flight. Noting I am only on the returning flight to Wellington but I can arrange a key contact to meet everyone for the flight to the Chathams.

Ngā mihi,
