In a separate document, please provide all stations nationwide with total number of callouts per station.*

In reply to the cascade provided (Appendix 1), this is one that has been previously released and is outdated. Would you please seek further availability on an updated one, or when one could be expected to be released?

Please find attached, as **Appendix One** to this response, a document containing:

- The ten busiest volunteer stations by incidents attended,

In the absence of a timeframe for your request, we have provided you information from the previous 12 months since the date of your request.

Regarding the cascade plan, we can advise that the document we provided you on 2 July 2024 was the most up to date cascade plan. An updated plan is expected to be completed in the next few months.
