Tēnā koe Chris

Your request for official information, reference: HNZ00060677

Thank you for your email on 13 August 2024, asking Health New Zealand | Te Whatu Ora for the following under the Official Information Act 1982 (the Act): Please see outlined below a response to each part of your request.

“1. The vaccination data for New Zealanders including total number of vaccinations given, total number of people that have died after receiving a vaccination, date of death, age, and gender for the period after December 13, 2023.

This information was provided to you on 15 August 2024 in our response to your previous OIA request, HNZ00053761.

2. The above is the date that Health NZ were notified that the vaccine is responsible for the excess deaths we are seeing. I would like to see how many people have died following vaccination after the date in which the Health NZ executives were notified they were killing people.

Under the Act, a distinction exists between information held by an agency (official information), versus the need for an agency to provide comment or an opinion, and therefore create information. Part two of your request asks Health NZ to provide comment or an opinion, and is therefore not considered to be requesting information under the Act.

3. Total cost to date for cyber, legal, any and all consultants engaged to erase the Barry Young data from the internet.

Our latest total calculated for Simpson Grierson's and Clyde & Co's fees for work on this aspect is a total of \$31,693.24 excluding GST. They have provided a range of services, including taking steps to remove Health NZ confidential data from the internet and prevent further unauthorised access or disclosure of it.

4. All correspondence / escalation to Leigh and the person that has been omitted from this response from Barry Young about his concerns and what the process was to analyse this data (effectively any and all correspondence between Barry Young and whoever he was reporting to about the data)

5. All of the teams / persons that Health NZ has in-house / external that analysed / completed the expert review of Mr Youngs data - notably completed by Leigh Donoghue and the scope / terms of the analysis

Health NZ does not hold any correspondence regarding escalation of or about Mr Young's concerns and/or analysis of the data involved in the alleged unauthorised data breach by Mr Young. Therefore, this part of your request is refused under section 18(e) of the Act as the information requested does not exist.

6. *The time series cohort analysis of the vaccine data, person(s) experts who completed this review and then their conclusions associated.*”

Health NZ has not completed any such analysis. Therefore, this part of your request is refused under section 18(e) of the Act, as the information requested does not exist.

How to get in touch

If you have any questions, you can contact us at h.nzOIA@tewhatuora.govt.nz.

If you are not happy with this response, you have the right to make a complaint to the Ombudsman. Information about how to do this is available at www.ombudsman.parliament.nz or by phoning 0800 802 602.

As this information may be of interest to other members of the public, Health NZ may proactively release a copy of this response on our website. All requester data, including your name and contact details, will be removed prior to release.

Nāku iti noa, nā
