

Caveats

- The data was collated on 29 August 2024 and is accurate as at this date.
- Counts of less than 5 have been masked with * to prevent identification of individuals. Line and column totals have been excluded as they could be used to determine masked values.
- Country of birth is not confirmed until an application has been assessed by a LISO, therefore unassigned applications may not have the correct country. This is often the case with people entering New Zealand as the country of birth mistakenly.
- As the data is extracted from dynamic systems, there may be small variances when compared with prior or future datasets.

**Citizenship by Grant Applications
Received Between 1 June 2024 and
30 June 2024 with country of birth.**
