Tēnā koe Mr James

### Official Information Act Request

Thank you for your request of 29 August 2024, under the Official Information Act 1982 (OIA), for the following information:

*I request any information pertaining to the development of the US32406 (Apply mathematics and statistics in a range of everyday situations) co-requisite assessment that was administered during Term 2, 2024. For the avoidance of doubt, the paper that forms the basis of this request is available on the Authority's website:  
<https://www2.nzqa.govt.nz/assets/NCEA/LitNum/2024-exams-and-reports/32406-Numeracy-English-exam-first-assessment-2024.pdf>*

*As an indication of the scope of this request, such information should include (but need not be limited to):*

- 1. Communication between authors, reviewers, and other people close to the development process regarding the specification of the paper. The purpose of including this in the request is to gain insight into the requirements that guided authors during the development of the paper.*
- 2. Every iteration of the assessment, including any commentary from authors or reviewers that might be associated with each draft. The purpose of including this in the request is to establish insight into the nature of the writing and review process and how authors and reviewers came to produce a paper that was deemed to be fit for purpose. Drafts and comments should be supplied in chronological order.*
- 3. Communication between any party regarding how 'pass' or 'fail' grades would be awarded. The purpose of including this in the request is to gain insight into how the 'rubric' was developed. This communication could have taken place prior to the exam, or post-hoc (i.e., if the rubric was revised in response to, e.g., student performance).*
- 4. Communication between any party regarding trends in overall student performance (including overall performance on specific questions). The purpose of including this in the request is to understand i) whether there were questions on the assessment that the Authority have subsequently deemed to be ineffectual or inappropriate, and ii) whether student performance influenced the 'rubric' post-hoc (i.e., whether student performance influenced the Authority to make the threshold for passing more or less stringent).*
- 5. Communication between any party regarding instructions provided to markers of the assessment. The purpose of including this in the request is to understand how the Authority*

*established a unified approach to marking questions that allowed for subjectivity, and how feedback from markers influenced the Authority. This should not include communication from individual markers to NZQA.*

*6. Communication between any party regarding future assessments of the same standard that references the Term 2 2024 assessment. This could include references to the assessment development process or the outcomes of the assessment.*

**Response:**

In response to your request, please refer to:

- the attached combined PDFs of information relevant to points 1 to 6 of your request (referred to as Q1 to Q6); and
- the Excel spreadsheet *32406 lit\_num data 2024\_T2 V4 no NSN.xlsx* related to Q4 (provided separately); and
- Appendix 1, which is a glossary of the above documents with NZQA's decision on release of information.

Regarding Q2, NZQA does not keep iterative versions of in-design files. Earlier versions have been overwritten as per our procedure. We have, however, included the feedback and comments on which the updates were made, and which show the stages of review worked through.

Please note, to protect privacy, some names and contact details have been withheld under section 9(2)(a) of the OIA (as noted in Appendix 1) due to an abundance of caution as NZQA has not been able to consult with all these parties. The phone numbers of NZQA employees and other public service staff have also been withheld for privacy reasons under section 9(2)(a) of the OIA, as well as one photograph of NZQA staff members.

Additionally, as noted in Appendix 1, some sections of the emails and documents have been redacted as being out of scope.

Our response to your request may be published on our website after five working days. Your name and contact details will be removed before publication.

If you require further assistance or believe we have misinterpreted your request, please contact [ministerials@nzqa.govt.nz](mailto:ministerials@nzqa.govt.nz).

You have the right to seek an investigation or review by the Ombudsman of this decision under section 28(3) of the Official Information Act 1982. Details of how to make a complaint can be found at [www.ombudsman.parliament.nz](http://www.ombudsman.parliament.nz). You can also telephone 0800 802 502 or write to the Ombudsman at PO Box 10152, Wellington, 6143.

Nāku nā

Dr Grant Klinkum  
Pouwhakahaere/Chief Executive
