Hi Eric,

Thanks for getting back to me.  
We don't require that level of access to the platform.  
What is the most basic subscription?  
Regards,

Hi!

I hope you're doing well!

Thanks for reaching out to us! SchoolParrot is a dedicated review platform designed for schools.

With SchoolParrot, schools can manage their profiles much like businesses do on platforms like Tripadvisor. By subscribing to our **premium service**, your school gains enhanced control over its profile and reviews, giving prospective students and parents a complete, trustworthy view of your school.

Here's a snapshot of what our **premium package** includes:

- Admin access to fully manage your profile
- Review moderation by our team to ensure quality and fairness
- A full review audit, including an initial check of all previous reviews
- Custom branding with your school's logo and design
- Links to your social media and school applications
- A dedicated section for images, detailed text, and an "About Us" page
- The ability to invite team members for profile management
- Priority placement in local search results

**Pricing is NZD 49 /month and can be paid with invoice or credit card. Paid yearly.**

If you'd like more information or are ready to get started, I'd be happy to assist you with setting up your profile.

Here's an example of a premium profile on our Swedish website:

Looking forward to hearing from you!
