Vehicles within any Policing District may be required to respond to incidents outside their area or region. The details of the frequency as to when vehicles are moved between regions including within Tasman District are not currently recorded. As such, this part of your request is refused under section 18(g) of the OIA, as the information requested is not held.

Supplying the registration plates of the vehicles operated by NZ Police would compromise staff and vehicles attached to specialised working groups. This is operationally sensitive and must remain confidential. For this reason, the information you requested is withheld under section 6(c) of the OIA, as the releasing of the information is likely to prejudice the maintenance of the law including the prevention, investigation and detection of offences and the right to a fair trial.

If you are not satisfied with any aspect of the decisions made in this response you are entitled to complain to the Office of the Ombudsman and seek an investigation and review.

Yours sincerely
