Tēnā koe Alan

Your request for official information, reference: HNZ00068720

Thank you for your email on 16 October 2024, asking Health New Zealand | Te Whatu Ora for the following under the Official Information Act 1982 (the Act):

“Could you please provide a breakdown of funding provided to all of the Iwi Maori Partnership Boards since their inception, broken down by IMPB and a breakdown of what the funding was for.

In addition, can you please provide details of the reporting requirements placed on the two IMPBs in the South Island and a copy of those reports”

Response

Could you please provide a breakdown of funding provided to all of the Iwi Maori Partnership Boards since their inception, broken down by IMPB and a breakdown of what the funding was for.

Attached in Appendix one: Table A - is a breakdown of the contracted funding allocated to each iwi Māori partnership board (IMPB) since their inception (1 July 2022) to the date of your request (16 October 2024).

Each IMPB will use funding through this Contract to engage administrative, analytical, or financial capability to assist the Board achieve the following core functions outlined in section 30 of the Pae Ora (Healthy Futures) Act 2022:

- to engage with whānau and hapū, and share the resulting insights and perspectives with Health NZ, the Te Aka Whai Ora, and the wider health system
- to evaluate the current state of hauora Māori in their locality or localities, and to determine priorities for improving hauora Māori
- to work with Health NZ in developing priorities for improving hauora Māori
- monitor the performance of the health system in the relevant locality
- to engage with Health NZ and support its stewardship of hauora Māori and its priorities for kaupapa Māori investment and innovation
- report on the Hauora Māori activities of Health NZ to Māori within the area covered by the IMPB.

To achieve these core functions, the IMPB may engage:

- secretariat support
- finance support
- policy analysis and writing (e.g. needs assessments, whānau engagement results, draft documents for locality plans)
- data analysis (e.g. data to support locality planning priority setting, identifiable barriers to whānau access and outcomes)
- whānau engagement (e.g. organising, leading, reporting on whānau engagement which may be through multiple mechanisms).

Funding may also be used to cover operating costs (rent, power, supplies etc), board meeting fees, travel costs and any costs of engagement with whānau and hapori Māori (e.g. venue hire, facilitator fees, catering, communications, reporting).

This funding is for local IMPB activity. It excludes costs for regional and national forums or meetings.

Please note: Funding may not be used for other activities and functions. Funding through this contract may not be used for other functions or activities which the IMPB may choose to undertake. This does not prevent the IMPB from securing funding from other sources to carry out these other activities or functions.

In addition, can you please provide details of the reporting requirements placed on the two IMPBs in the South Island and a copy of those reports”

For clarity, the two recognized IMPBs in the Te Waipounamu are:

- Te Tauraki; and
- Te Kāhui Hauora o Te Tau Ihu.

A description and map of their respective IMPB areas can be found publicly at the following web location:

www.legislation.govt.nz/act/public/2022/0030/latest/LMS575973.html?search=sw_096be8ed81e68fd9_iwi+maori_25_se&p=1#LMS575973

A copy of each report for Te Waipounamu recognized IMPBs is attached in appendix two.

Where information has been withheld, it is outlined in the document schedule and noted in the document itself.

In making the decision to withhold information, I have considered the public interest considerations in section 9(1) and do not consider that the withholding of this information is outweighed by other considerations that would render it desirable, in the public interest, to make that information available.
