1. CE's update

Out of scope

He concluded his update with his decision on Kāinga Ora's approach to funding the end-of-year celebration gatherings – this year Kāinga Ora will not contribute towards the cost of those gatherings. He noted that it makes symbolic and substantive sense not to contribute financially to the end-of-year celebration gatherings at this point in time. He added that this is the same approach as Kāinga Ora's monitoring agency, HUD.
