Request under the Official Information Act 1982

Thank you for your email of 5 December 2024, requesting information from Te Pūkenga – New Zealand Institute of Skills and Technology (Te Pūkenga):

In response to our Notification of Extension letter, dated 5 December 2024, regarding your OIA request dated 14 November 2024, reference TP240142, you have requested:

... all documentation and correspondence relating to my current and very specific request for the document known to be held by Te Pūkenga...

This letter provides a formal decision on your request under the Official Information Act 1982 (OIA).

The decision

The information you have requested is attached at **Appendix One** and includes emails and documents in relation to your OIA request reference TP240142 between the period 14 November and the date of your request, 5 December (inclusive).

We note there is a little duplication within the documents due to the repeat of some individual emails within resulting email threads; for completeness we have not removed any duplicates.

Certain information has been withheld from the emails under the following sections of the OIA:

- 9(2)(a) *to protect the privacy of natural persons*
- 9(2)(ba)(i) *to protect information which is subject to an obligation of confidence or which any person has been or could be compelled to provide under the authority of any enactment, where the making available of the information would be likely to prejudice the supply of similar information, or information from the same source, and it is in the public interest that such information should continue to be supplied.*

We do not believe the need to withhold this information under section 9 of the OIA is outweighed by the public interest in its release at this time.

You have the right to make a complaint to the Ombudsman under section 28(3) of the OIA if you are not happy with this response. Information about how to do this is available at www.ombudsman.parliament.nz or by calling 0800 802 602.

We may publish our OIA responses and the information contained in our reply to you on our website. Before publishing we will remove any personal or identifiable information.

Please find at the link below our draft notification of **extension letter** for an OIA request from Lauren Doocy, via the FYI website, about the Paramedic Suite Alignment Project Report - for your review and approval.

Due Date

- The extension must be sent to the requester by close of business next **Thursday 12 December**.

Background considerations

- This is the second of three active requests from this requester received on the same date, through the FYI website.
- This is one of two requests (different requesters), received via the FYI website, for the same report and es (the other – TP240140 - is currently due two days prior to this one).
- The background considerations for this extension are almost identical as those for TP240140.
- For OIA record keeping purposes I repeat them below.

Repeated background considerations as those outlined for TP240140

- *Once released this report along with its executive summary (es) will instantly be publicly available via the FYI website.*
- *We are working with the team at W&W on the appropriate redactions to the report and es.*
- *Part of this requires legal consultation/review/feedback.*
- *We understand from W&W that kaimahi engaged verbally with external stakeholders, for their feedback that informed this report, on the proviso that their responses would be confidential and for internal use only.*
- *We understand this was also the case with ākonga who provided feedback used within this report.*
- *We consider it appropriate and important to consult with the following agencies prior to release of the documents:*

- s 9(2)(a), s 9(2)(ba)(i)

-
-
-
-
-

- *While we consider it likely we will release the report and es, with appropriate redactions applied, we do not wish to pre-empt any feedback that may not support such a decision. Therefore, we are not comfortable providing a decision letter to the requester until after such time as consultations have been completed.*

- We also consider it likely appropriate to provide relevant ākonga and kaimahi with a copy of the report prior to its release and publication via the FYI website.

Extension

- Taking into consideration all of the points above and to allow enough time for them to be actioned, the proposed extension is for 13 working days.
- This brings us to the same due date as TP240140. As the report is being considered for release for both requests, we consider it appropriate to have the same extended due date for both.
- We note that the extension period is close to the Christmas shutdown period for working days within the OIA, but also likely shutdown of agencies we need to consult with that may involve specific kaimahi at each agency.
- We consider the best option is to extend for a longer period of time and provide our response early if we can, than extend for too short a period and not have enough time for completion of all necessary consultations.
- Due to the Christmas OIA shutdown period, the extension will take us to a final due date of **Wednesday 22 January 2025**.
- We will do our best to get it finalised before this new due date.
