Tēnā koe Hone

Thank you for your email of 22 November 2024, to Fire and Emergency New Zealand requesting the following information under the Official Information Act 1982 (OIA):

- I request a list of all incidents where Level 2 line rescue capabilities were requested/deployed, from 1 January 2020 to the present. For each incident, please include the incident number and the responding brigade.*

*I am aware that this information was likely compiled by the NHQ GIS Teams as part of the recent analysis, and I would appreciate your assistance in providing this data.*

*If any part of my request requires clarification, please do not hesitate to contact me. Additionally, if this information has been compiled within the calendar year, but not maintained since then, I will happily take the latest version available.*

We can advise that the information referred to was compiled in November 2023, and detailed all line rescue incidents from the previous ten years, broken down by capability, region, and station. Please find attached, as **Appendix One** to this response, a complete summary of this dataset. This is the latest version.

Please also find attached, as **Appendix Two** to this response, a list of all incidents, pulled from the same dataset, where level 2 or 2a line rescue capabilities were deployed from 1 April 2013 to 11 November 2023, including the incident number and the responding brigade.

We trust that the information being provided is of assistance. If you require further information, please email [officialinformationrequests@fireandemergency.nz](mailto:officialinformationrequests@fireandemergency.nz).

Please note that because of the identified public interest in the information that you have requested, we intend to publish this response (with your personal details removed) on our website.

Nāku noa, nā

Aidan Saunders  
Manager, Information Requests
