Hi,

Just a heads up – I had a conversation with Alastair Thompson from Scoop at a party on Saturday night.

He said he intended to OIA Una's speech from Friday's abandoned forum. I've let John Edwards know.

We maybe should consider rescheduling the event sooner rather than later to prevent the speech being released before it is given.

Good morning f

Una had indicated to John Edwards that she was willing to adjust her diary to accommodate the presentation. Could you please see if she might be able to do the 29th September option?

We will continue to try and find further suitable venue options in the meantime. (KPMG is no longer a possibility.)

If there are some times that might be possible for Una, that would be very helpful for our planning.

Hi [redacted]

An update re Una's talk.

I've had a chat to Police about options and their preference is for a venue that is not as open, or as much of a public space, as National Library. They are willing to provide two officers to be in attendance (we would likely ask them to be plain clothed).

We're in the midst of exploring other venue options:

- We have pencilled in the Wellesley Hotel room for Tues 29 Sept.
- I have asked Trade Me to use their space. Yet to hear back.
- We also have KPMG as an option for Friday 25 Sept (12.30-1pm). (Although I will double check about Police availability then. I think Fridays may be out.)

Perhaps you could let me know how Una is placed over the next week or two.

Many thanks

Hope things are going well. Just a confirmation of plans for Tuesday.

We will notify the majority of previous registrants by email – very likely on Monday morning. I will confirm that with John but his preference seems to be a short notice period. We have gone through the list carefully.

There will be two plain clothed police officers in attendance.

We will notify media who attended previously.

The venue will have plenty of capacity, so if others from your office wish to attend that's no problem.

Let me know if you have any concerns or queries.

Hi Charles

GCSB doesn't have a firm view on this point so I propose that we take a practical interpretation to this and release to the OIA requester the information that has been collated – which is up to 14 September 2015.

This approach fits in with the fact that GCSB are calculating the 20 days on the basis that we actually received this OIA on 14 September, not 13 September.

Let me know what you think and I'll go ahead.

Thanks so much and yay for technical legal discussion!

Thanks Charles.

Personally, I agree with you on this. In my opinion it seems unreasonable and impractical to continue collating and subsequently releasing information beyond the date of the request.

Nonetheless, I need to consult with GCSB Legal on this just to make sure. I'll get back to you on this by the end of today.

Hi _____

Sorry, I've just had a look at the new piece of correspondence. Thanks for sending that through. It is okay to include it in your response to Morse.

As for the email that mentions meeting Alastair Thompson dated 14 September - I think John's point that your response should only include what was known at the time Morse made her request is a valid one. As far as I know, a requester shouldn't be able to receive what at the stage of asking is future correspondence. I think that answers your question about whether to disclose all relevant correspondence up to the date of receipt.

I'd be interested to know your view on this.

Hi Charles

Good question. The request was sent by Ms Morse on 13 September 2015 (Sunday) and officially received by our office on 14 September, hence we are taking the view that the 14 September correspondence should be included. Does that sound okay to you?

More generally, do you think we should disclose all relevant correspondence up to the date of receipt (14 Sept) or up to the date of sending the response? I prefer the former, but due to the wording of her request in which she asks for post event communications, could it be interpreted as the latter? I've tried to find Ombudsmen guidance on this point but to no avail. I would really appreciate any advice you might have.

Also, we have unearthed another piece of in-scope correspondence which you will find attached.

Thanks very much,

Hi

We need one clarification. The most recent email in your document was sent by me to [redacted] on the 14th September. This may be outside the scope of Morse's request (if her request was made on the 13th September).

That's unless DPMC received a different OIA request from her than the one we received.

Do you mind checking?

Hi Charles

I passed your contact details on to me so that I can liaise with you about an OIA request involving your office.

GCSB has received an OIA request from Valerie Morse requesting:

"a copy of the Director's speech & powerpoint presentation that was to be delivered on September 11 at National Library -all pre- and post-meeting communications between the GCSB and the Privacy Commissioner that relate to this event."

We will not release the Director's speech as this will be publicly available shortly and there is no powerpoint presentation.

Regarding the second limb, we have collated all of the emails between GCSB and the OPC which relate to this request and wish to seek your permission to release them. We will be redacting the names of GCSB staff under sections 9(2)(a) and 6(a) of the OIA but we do not think we can extend this to OPC staff (please correct me if this is wrong).

I have attached all of the relevant correspondence that we can locate.

Appreciate your feedback on this as soon as you are able as I would like this to go out before the speech is released.

Thanks very much.

Kind regards,
