Dear Rachel

Thank you for your email dated 23 October 2015 requesting a copy of a report commissioned following the release of the AECOM report into the Spicer Landfill.

A number of work streams are underway to follow up odour issues.

The Porirua City Council is about to commission a piece of work to look at a range of issues around the landfill. I assume this is the work you are referring to.

The results of this work will be reported to Committee and publicly available.

Yours faithfully

Wendy Walker
