

15th December 2016

Mr Jeremy Roundhill

By email: fyi-request-5014-faeac4a3@requests.fyi.org.nz

Subject: REQUEST UNDER OFFICIAL INFORMATION ACT 1982

Dear Mr Roundhill,

This letter is provided in response to your request made on 25th November 2016 pursuant to the Official Information Act 1982, specifically addressing the following information requested by you:

Under the Official Information Act, I request the following documents:

*Armoury Manual
Arms Manual
Assault Manual
Batons and Mastoid Thumb Pressure Manual
Charging Decisions Manual
Demonstrations Manual
Offensive Weapons Manual
Oleoresin Capsicum Spray Manual
Professional Distance Policy Manual
Tactical Options Framework
Taser (Electronic Control Devices) Manual
Security of Private Premises Manual
Suppression Manual
Welfare Services Manual.*

You requested that the documents be provided as email attachments in a searchable format (ie original PDFs, rather than scanned prints).

In response, the documents you requested have now been attached as requested. I am advised that the *Professional Distance Policy Manual* you requested has been actioned separately, and is therefore not part of this list of attached documents.

Please note the following:

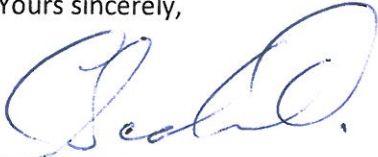

1. The *Armoury Manual* has had details on page under the headings 'Contacting the Armoury' and 'Work Hours' redacted, so as not to identify individual Police members associated to it, the address, or telephone number of the Armoury. This has been done in the interests of safety of

staff and the need to keep details of the Armoury's location, contact details, and working hours of staff out of public accessibility.

2. The *Batons and Mastoid Thumb Pressure Manual* is now solely the *Batons Manual*. There is no mastoid thumb pressure component of this manual.

Thank you for your information request.

Yours sincerely,

A handwritten signature in blue ink, appearing to read 'Chris Scahill', written over a horizontal line.

Superintendent Chris Scahill

National Manager: Response & Operations
Police National Headquarters
