Care of FYI website

Dear Shane Gibson

**OFFICIAL INFORMATION ACT REQUEST**

I refer to your official information request on 2 May 2017 relating to whether the Ministry for Primary Industries (MPI) currently uses the Atlassian Confluence Cloud service.

I can confirm that MPI does not currently use Atlassian Confluence Cloud service. MPI has considered the service, but the benefits MPI would gain from it were outweighed by the effort required for the formal cloud assessment process so we did not proceed.

Yours sincerely

Tracy Voice  
Chief Information Officer
