Subject: RE: 20' Centreport - Customs Inspections Area

Hi [REDACTED] s/9(2)(a)

Re below, we need to know when your container will be uplifted and delivered, given we now have another container also arriving some time this week. In this respect, we thus need to advance co-ordinate their respective pick-ups, ie/ given the first needs to be uplifted/delivered with its opening at the front/drivers end of the truck and the later container uplifted and delivered with the container doors facing the end of the truck, this to enable the containers being placed end on end, facing away from each other. Accordingly, please contact us before this container is uplifted from Centreport.

Thanks in advance
