

First drop-in session

Tell us about your neighbourhood and your priorities

Draft plans

We take your feedback and use it to inform the plans for your neighbourhood

Connect

We pass relevant feedback on to other organisations such as Auckland Council or Auckland Transport

Second drop-in session

See the plans and provide further feedback

Final plans

We submit plans to Auckland Council for resource consent and share final versions on tamakiregeneration.co.nz

The neighbourhood approach

The Tāmaki regeneration programme

TRC will replace 2500 social houses in Tāmaki with 7500 social, affordable and private market houses over the next 10 to 15 years. But it's about more than just building houses. TRC has worked closely with the community to put together a set of ideas and actions to make Tāmaki an even better place to be.

These are things like:

- improving education
- building warm, modern homes
- attracting and keeping good businesses
- creating local jobs and providing training

This is regeneration. It looks at all of the factors that affect our future, not just some of them.

Tāmaki commitment

Our neighbourhood approach is underpinned by the Tāmaki commitment:

Tāmaki

COMMITMENT

Those who wish to stay in Tāmaki will have the opportunity to do so
