Dear Michael

**Request made under the Official Information Act 1982**

Thank you for your email of 6 August 2017 requesting the following information under the Official Information Act 1982:

*I would like [to] request statistical data on theory test results, showing more than just pass rates for each age group. Specifically I would like to see percentages for each result: what percentage of those who sat the test for each given year got 35/35, 34/35, 33/35, etc.*

The information you have requested relating to theory test results has been provided in the attached spreadsheet. Please note that the data has been limited to finished tests only, which includes tests that finished due to all questions being answered, and tests finished due to time expiry. It does not include tests terminated by the supervisor of the test, or by the user.

Also, please note that individual scores are given for 32 to 35 and combined for 31 or less. The score required to pass a Class 1 or Class 6 test is 32 and for Classes 2–5 is 33. This means that a score of 31 or less is a fail for all classes and is categorised in one group.

If you would like to discuss this reply with the NZ Transport Agency, please contact Holly Ludlow, Manager, Statistical Analysis, by email to [holly.ludlow@nzta.govt.nz](mailto:holly.ludlow@nzta.govt.nz) or by phone on (04) 901 6781.

Yours sincerely

A handwritten signature in black ink that reads "Kate Styles".
