Dear Tony

Thank you for your email of 15 August 2017 requesting information under the Official Information Act 1982 (the Act), in relation to the Interventions Workshop that gathered ideas for a possible long list of interventions. You asked for the following:

- 1) *Can I please have a copy of the possible interventions referred to as the "initial long list of over 250 possible interventions" from "a workshop attended by some 25 officials/officers" ?*
- 2) *Can I please have a copy of the agenda, minutes, attendee list, and also any supporting information presented to, the workshop meeting (or meetings) where the "initial long list of over 250 possible interventions" were developed ?*
- 3) *Can I please have a copy of the possible interventions referred to as "A further set of potential interventions [...] added to the workshop list" from "the LGWM web feedback" ?*
- 4) *Can I please have a copy of the possible interventions referred to as "A further set of potential interventions [...] added to the workshop list" from "the LGWM phone survey" ?*
- 5) *Can I please have a copy of the possible interventions referred to as "A further set of potential interventions [...] added to the workshop list" from "the GWRC/WCC research panel survey" ?*
- 6) *Can I please have a copy of the possible interventions referred to as "A further set of potential interventions [...] added to the workshop list" from "the NZTA record of stakeholder comments (Darzin)" ?*
- 7) *Can I please have a copy of any report or other information that outlines, for each possible intervention, which category group the intervention was assigned ?*
- 8) *Can I please have a copy of the complete "collected list of possible interventions" that "was subsequently assessed by a transport planning and evaluation group" ?*
- 9) *Can I please have a copy of the interventions that were assessed as "candidates to be included in possible scenarios and programme options" ?*
- 10) *Can I please have a copy of the interventions that were assessed as "not be considered further within this context" and the reason why the transport planning and evaluation group decided the individual intervention was not to be considered further" ?*
- 11) *Can I please have a copy of the process used to consolidate and assess the possible interventions long list ?*
- 12) *Can I please have a copy of the members of the "transport planning and evaluation group" that assessed the intervention long list and whose purpose was "determine which interventions should be candidates to be included in possible scenarios and programme options and which, for a range of*

reasons, should not be considered further within this context." For the sake of clarity I would like the name, job title, organisation they represent and organisation who employed each member of the "transport planning and evaluation group".

13) Can I please have a copy of the agendas, minutes, attendee lists, and also any supporting information presented to, for any and all meetings of the "transport planning and evaluation group" where the interventions that were assessed as either "candidates to be included in possible scenarios and programme options" or "not be considered further within this context" ?

This letter is to advise you that a decision has been made on your request and a response will be provided to you on or before 22 September 2017.

In response to Questions 7 – 10 and 12 of your request, I am able to advise that this information is publicly available on the Let's Get Wellington Moving website at:
