Travis Wood (..@._____)

I had a meeting last week with Travis and we both agreed that we should put a comms plan in place to deal with the residents. At the moment we have done investigation and we are coming up with an options report to bring up to code the bridges with a view to handing over the maintenance to the owners in the future.

Hi Mike – a guy named Travis (from Beca I think) called me on Friday as I was heading out the door (I had the day off) about a project he is working on for you in Karori – I asked him to flick me an email but I haven't seen anything yet. Do you have his contact details and any background info on the job – I'll give him a call.

Cheers

Angela Bensemman
