

Complete this form when seeking Fire Service written agreement for an outdoor pyrotechnic display. Your answers should reflect the complexity and size of the display and should have been reached in conjunction with appropriate parties such as the event organiser, building or land owner.

Email the completed form and supporting documentation to fireinfo@fire.org.nz

Section A – Contact details	
Person in charge of display	Boom Boom Fireworks
Address of person in charge	[Redacted]
Contact phone number	[Redacted]
Mobile phone number	021 190 9026
Fax or email	[Redacted] @boomboom.co.nz
Confirmation	<p>Name: [Redacted] Signature: [Redacted]</p> <p>I confirm a site inspection post firing will be conducted to ensure no subsequent fire occurs.</p> <p>Privacy Statement</p> <p>Personal information you provide in this application form will be collected, used, and held by the Fire Service in accordance with the Privacy Act 1993. The information will be used to assess and determine your application for the Fire Service's agreement to your proposed pyrotechnic display. You have the right to ask for a copy of any personal information we hold about you, and to ask for it to be corrected if you think it is wrong. If you'd like to ask for a copy of your information, or to have it corrected, please contact us at question@fire.org.nz</p>

Section B – Pyrotechnic display information requirements	
Physical address of display	Q Theatre Roof Top 305 Queen Street Auckland City
Latitude and longitude (marine locations)	Location display fired from, if known, e.g., barge, shore. Latitude and longitude details essential for maritime/marine locations.
Display:	Date: 15-10-2017 Time: 9:00pm

Section C – Supporting documentation

Attach a display plan that is scaled, marked and labelled with the:

- discharge area
- exclusion zone
- position of firing points, number of firings from each point, and direction of flight of pyrotechnics
- audience location and evacuation routes
- position, number and types of firefighting equipment
- buildings within the exclusion zone if applicable.

Details of arrangements for identifying exclusion zone

If the firing involves a display height over 60 m, describe the arrangements for the treatment or safeguarding of the ground and any vegetation so that a fire cannot spread more than five metres from the point of ignition/initiation.

Ground crew and roof crew will be armed with water extinguishers
 4 x 9kg water extinguishers
 2 x 6ltr water spritzers
 Air conditioning to be turned off.

For Official New Zealand Fire Service use only

To be completed by the Area Manager

Additional firefighting capability specified by an Area Manager

Written agreement of the Area Manager

Note: This application is not subject to variation once signed. A variation requires a new written agreement.
