Dear Ms Pond

OFFICIAL INFORMATION REQUEST

Thank you for your two emails of 22 May 2018 asking for the following information under the Official Information Act 1982 (the Act):

- 1) *For Papakai, please supply a map which is large enough and clear enough to show the tributary streams and main rivers within the area poisoned.*
- 2) *Please calculate how many miles of tributaries and waterways, within the Papakai aerial poisoning area in 2017, received deposits of 1080 toxic baits.*

I have responded to your request in turn below.

Question 1

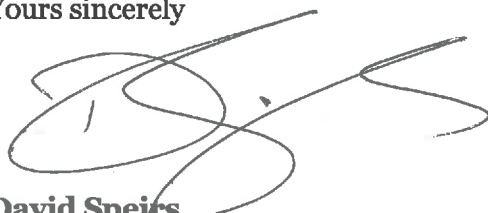

Please find attached a large digital map of the application area for the Papakai aerial predator control operation completed in 2017 which details the tributary.

Question 2

The information you have requested is not held by the Department as it was not calculated as part of the planning process and therefore this part of your request is declined under section 18(e) of the Act.

You are entitled to seek an investigation and review of my decision by writing to an Ombudsman as provided by section 28(3) Official Information Act 1982.

Yours sincerely
