Something needs to be looked at regarding RAUE using her 'Blog' to make statements regarding our staff and their families etc. Const.Dallinger advises me that she is now making unsavoury comments regarding his wife.

I suggest all the information regarding her blog or whatever she uses to spout off about all and sundry is sent to legal for a determination regarding defamation/libel etc.

Subject: Formal Complaint, Information Request: Assault by police, refusal to take complaints or investigate them properly

I request all information regarding me held by the NZ Police under the Privacy Act and the OIA.

Particularly, and with priority:

1. All camera footage, CCTV, street camera, etc, of the incidents involving Constables Dallinger and Wilton when I went to the police station to report the theft and assaults at Hodders Road South last weekend.
2. All camera footage, CCTV, etc, of me that same day at Masterton Police station, including footage of the alleyway I was sent down to the gate that wouldn't open.
3. All information regarding the complaints I made to Constables Dallinger and Wilton regarding theft and assault at Hodders Road South.
4. All information regarding any complaint of theft at Hodders Road South by Rachel Taylor.
5. All information regarding a complaint of theft of a bicycle - not just disclosure - ALL information, audiotapes, documents, all information.
6. All information regarding a complaint I made within the last few weeks about another assault at that address by Wayne Friend.
7. Audio recordings of all telephone calls to or from police regarding me since January 2007, in particular:
8. The audiotape of the call from Clare Cook and Kelly Wilson on 11 February 2009,
9. Confirmation or denial of whether Constable Dallinger was involved in any way in the corrupt investigation of the assault on me by Colin Allomes in Dannevirke.

This is a formal complaint that police continue to refuse to take complaints from me and treat me with prejudice and bias, regularly use excessive force amounting to sadistic violence and psychological torment, and have established a pattern of malicious and vexatious litigation against me which is unwarranted and a waste of public resources.

I received a message from the owner of the property at Hodders Road South, sent on 29th August at 9 pm, to say that a well known local methamphetamine addict Rachel Taylor had been caught red handed stealing my property from the room I rent at that address. I received another message the following evening inviting me to the address to see what was missing this time and secure the room. When I got there I was confronted abused and assaulted by another well known P addict, Wayne Friend, whose mother is a well known local police informer, and who let Rachel Taylor into the address while the occupant was absent apparently, and

allowed her to leave with my property after witnessing her in my room, and is refusing to make a statement to police regarding this blatant theft, apparently.

I was then assaulted and effectively kidnapped by the owner of the property, my former partner, and held against my will for a considerable time and assaulted during that time, while Wayne Friend called the police and told them a pack of lies. I was only released after police advised the occupants to do so, because they wouldn't be rushing to the address in spite of all the complaints.

Dear Kate,

I refer to your e-mail dated 30 December 2017 in which you made the following request:

"On 7.8.2010 at 7.47 an email was sent from Sgt Kevin Basher of Police to Sgt Murray Johnston. The email was cc'd to the Area Commander, John Johnston.

The subject of the email is " Fw: Formal Complaint, Information Request: Assault by police, refusal to take complaints or investigate them properly" The contents of the email, which was also sent to me in part inadvertently, is as follows: "Kevin Basher---07/09/2010 07:47:45---Something needs to be looked at regarding RAUE using her 'Blog" to make statements regarding our sta". The purpose of this e-mail is to notify you that Police require an extension of time in which to respond to your request, pursuant to section 15A(1)(a) of the Official Information Act 1982 as the request necessitates a search through a large quantity of information, and meeting the original time limit would unreasonably interfere with the operations of the agency.
