

To Environment Canterbury

Signature Petition

All the Rangiora Businesses in Rangiora have signed this Petition, Against the new proposal. And losing their Woodend customers. All Businesses say have 10 seat mini buses on non peak times and have the buses more often so we can have more customers to shop more regular.

Where people need to travel, from Woodend to Rangiora.

More people are now working, elderly and disabled are using their local bus route to Rangiora. Their use all local facilities, available to them are based in Rangiora.

Environment Canterbury do not listen to all the needs of transportation of the Woodend Community. The current bus service on the Woodend Shuttle is alright. This bus service dose not need changing, except for the 1:45pm bus to go from Kaiapoi to Rangiora needs to be changed to 1:00pm instead.

This new proposal will be a disaster for people who rely on the bus service, to get them to rangiora in 7 minutes. as this new proposal bus service to Rangiora, Will have to travel through Kaiapoi and Rangiora townships and heavy traffic, before even getting to the centre of Rangiora, taking about 1 hour. Then on the return home, traveling through Rangiora and Kaiapoi townships, Then having to wait a very long 2 to 3 hours to get home. Because the 90 dose not always connect with shuttle.

I and all the people who use the bus service prefer to go from Woodend to Rangiora in 7 minutes. No where in New Zealand dose anybody have to travel so far to get to a place on a bus route.

92 and 913 bus route should travel to Pegasus and Waikuku, be combined as Pegasus and Waikuku are growing.

Most people live in Woodend, Tuahiwi, Kipperberger estate, Waikuku and Pegasus needs Rangiora because we are the most growing community in the whole of New Zealand.

Environment Canterbury have not bought out a more efficient design of bus route in Woodend And its not a Money issue or fewer people on the bus routes, If Environment Canterbury can spend millions on building bus Hubs. They have money to connect Woodend to Rangiora.

NO I do not agree with this proposal, the bus timetable we already have is alright. At least all of Woodend, Tuahiwi, Waikuku and new housing estates on bus routes get to Rangiora in 7 minutes.

All of the Rangiora business such as Farmers, Couplands, Paper plus, and etc needs Woodend area to shop at Rangiora. (shop local at Rangiora). And we need our Doctors, chemists, xray. And medlab are all based in Rangiora.

Yours Sinicerly

Amanda.
