Dear Jem Traylen

I refer to your Official Information Act request for staff engagement data made to the State Services Commission. As you know, on 27 February 2018 the State Services Commission transferred this part of your request to the Treasury:

*Please provide the latest whole-of-agency engagement reports for [the Treasury].*

#### **Information being released**

The 2016/17 survey had a participation rate of 89% and the results show an overall engagement index of 71%. The Treasury's engagement score for 2016/17 is unchanged from 2015/16; however, our underlying results show positive shifts in a number of areas we have been working on since our last survey. Our 2016/17 engagement level is above the Public Service benchmark of 68 but below the State Sector Top 25% benchmark of 78.

Please note that the staff engagement results for the Treasury are available in our Annual Reports, which can be found on our website:

This reply addresses the information you requested. You have the right to ask the Ombudsman to investigate and review my decision.

Yours sincerely
