Kia ora TAG4,

We are pleased to advise you that recruitment staff have completed the initial vetting stage and you have been cleared to proceed to the next stage of recruitment initial medical clearance. Congratulations.

### Health Questionnaire

Please to complete your onlineHealth Questionnaire by the .

You need to provide as much detail as you can - please be specific in your answers. Once you have completed your Health Questionnaire, click on the submit button at the bottom of the form.

Any supporting documents that relate to any injury or illness should be submitted to the medical team via email to [Recruitment.medicals@police.govt.nz](mailto:Recruitment.medicals@police.govt.nz). Ensure you insert your Last Name, First Name in the email subject line.

**If you answer "Yes" to any of the questions relating to asthma or eyesight, please [Click here](#) to download the relevant forms (asthma, visual). Please note that your health questionnaire cannot be processed until relevant additional forms have been received.**

Once the medical team have received your relevant Health forms, they will assess your health and whether you are suitable to join NZ Police. This usually takes up to three weeks. Please note while guided by external medical opinion, the decision regarding your medical suitability sits with NZ Police.

You can not proceed to an Assessment Day until your initial medicals have been cleared.
