Dear Mr. O'Connor

**Re: Request for information relating to Wellington City Council projects in Strathmore Park.**

Thank you for your email to the Council received on 16 August 2018 in which you requested information relating to Wellington City Council projects (over the last 5 years) in Strathmore Park including videos and community events including Christmas parties, and has that expenditure being evaluated and reported on?.

If I have understood your question correctly then I can advise that for the financial years 2012/2013 to 2017/2018, the period covered by your request, Council rate-payer funded grants have been awarded in respect of 26 successful applications with \$551,905 being awarded to various organisations to deliver events, projects, and programmes in Strathmore Park.

A further \$56,962 was allocated to various projects, events, and meetings in relation to the Strathmore 44 project. This funding came from the Council's Opex funding and was specific to this project.

With respect to this expenditure being evaluated, I can advise that all grants and operational expenditure are evaluated and reported on.

If you have any further questions or require clarification please feel free to contact me.

Kind regards,

Ian Hunter
