Steve Glassey
fyi-request-8796-77f77d8f@requests.fyi.org.nz

Dear Steve Glassey

OFFICIAL INFORMATION ACT REQUEST

I refer to your official information request on 2 October 2018 for the following:

Please supply all notes taken at, and documents (including emails) held by the Ministry for Primary Industries (MPI) in relation to the Emergency Management Adult Community Education (EM ACE) governance group meeting held in September 2018; and whether any conflicts of interest were disclosed by representatives of the Ministry.

No staff members from MPI attended the EM ACE governance group meeting held on 18 September 2018, and therefore, MPI do not hold documents on, or notes taken at that meeting. MPI did consider transferring this part of your request to the other agencies who did have staff members in attendance. However, as I understand you have made this same information request to a number of other agencies, I did not feel that transferring this part of your request was necessary.

Under the Official Information Act 1982 (OIA) I am releasing to you a pack of email correspondence that was sent to and from MPI staff members on the topic of the governance group meeting. Some information has been withheld under section 9(2)(a) of the Official Information Act 1982 (OIA), *to protect the privacy of natural persons.*

MPI met with the Tertiary Education Commission (TEC) and the Ministry of Civil Defence and Emergency Management (MCDEM) for the first time on 13 September 2018, prior to the aforementioned governance group meeting. This meeting was to establish next steps for these groups to consider any applications that may be forwarded for consideration for funding from the EM ACE fund.

MPI did not declare any conflicts of interest, as there were none identified as relevant. The meeting was to meet key participants and establish next steps in light of the announcements made in the media and social media by Animal Evac and Gareth Hughes in regard to the EM ACE fund.

MPI is satisfied that in the circumstances of this case, the withholding of the information is not outweighed by other considerations which render it desirable in the public interest to make the information available. You have the right under section 28(3) of the OIA to seek an investigation and review by the Ombudsman of our decision to withhold information.

Yours sincerely

A handwritten signature in blue ink, appearing to be 'Chris Rodwell'.

Hi [REDACTED]

Thank you for your email. On behalf of [REDACTED] and myself I am just confirming that you mean Thursday 13th as [REDACTED] had suggested, and not the 14th?

[REDACTED] does not work next Friday but is available on Thursday at 1300-1400 if possible, or 1500-1600.

Sorry, I tried to call as it would be good to have a quick chat but you were not there. I didn't leave a mobile message as there wasn't a voicemail to confirm it was your number.

Thanks, [REDACTED]

Hi [REDACTED] and others

We are happy to have an initial discussion on Friday 13th.

However, we will not be able to come up with a strategy for recommending or supporting funding allocation in time for the Governance Board to make decisions on any applications at its meeting on 18th – if that is the concern.

We would be happy to work to a later deadline, if we can. Perhaps a future governance board date?

I understand that this may place you in a difficult position for the meeting of 18th September and am happy to discuss what else we may be able to do to help.

Hi § 9(2)(a)

I'm concerned that the 17th is too late for us to meet as the Governance Group meeting is on the 18th.

I've spoken with § 9(2)(a) who could find availability on the 13th if you're able to?

1300-1400 or 1500-1600 would work well for me, but I could look to move other obligations in order for this to go ahead.

Kind regards,

[UNCLASSIFIED]

Morning § 9(2)(a)

Many thanks for sharing the communications from Gareth Hughes (we hadn't seen it) and for keeping us in the loop regarding your conversation with § 9(2)(a) and messaging you intend share.

I have a number of reflections for you to consider. This may be part of your messaging or something we catch-up on next week, but we do need clarity of roles and functions in this space before the Governance Group meeting. Having multiple funding applications come to the EM ACE Fund Governance Group is not the solution. There needs to be clarity around a number of operational aspects before funding is allocated.

- How will MPI endorse / vet the applications for funding of animal welfare training? We know of one organisation which intends to apply and a second is making enquiries.
- How do we as CDEM have confidence that the respective animal welfare organisations are credible organisations with official roles and responsibilities in a response? How does MPI plan to include them in their planning?
- What training is to be funded in terms of unit standards or other? Again what has MPI approved in this space?

While TEC can provide the guidelines concerning the eligibility of the fund, they do not know the CDEM operational landscape - we need to follow the stipulations as laid out in the National CDEM Plan. Without the above clarity the Governance Group will not have the information it requires to consider applications from animal welfare/rescue organisations.

Happy to discuss this further or catch-up face to face next week.

Kind regards,

Morning § 9(2)(a)

Many thanks for sharing the communications from Gareth Hughes (we hadn't seen it) and for keeping us in the loop regarding your conversation with § 9(2)(a) and messaging you intend share.

I have a number of reflections for you to consider. This may be part of your messaging or something we catch-up on next week, but we do need clarity of roles and functions in this space before the Governance Group meeting. Having multiple funding applications come to the EM ACE Fund Governance Group is not the solution. There needs to be clarity around a number of operational aspects before funding is allocated.

- How will MPI endorse / vet the applications for funding of animal welfare training? We know of one organisation which intends to apply and a second is making enquiries.

- How do we as CDEM have confidence that the respective animal welfare organisations are credible organisations with official roles and responsibilities in a response? How does MPI plan to include them in their planning?
- What training is to be funded in terms of unit standards or other? Again what has MPI approved in this space?

While TEC can provide the guidelines concerning the eligibility of the fund, they do not know the CDEM operational landscape - we need to follow the stipulations as laid out in the National CDEM Plan. Without the above clarity the Governance Group will not have the information it requires to consider applications from animal welfare/rescue organisations.

Happy to discuss this further or catch-up face to face next week.

Kind regards,

§ 0(2)(a)

Hi [redacted]

Thank you for your email. On behalf of [redacted] and myself I am just confirming that you mean Thursday 13th as [redacted] had suggested, and not the 14th?

[redacted] work next Friday but is available on Thursday at 1300-1400 if possible, or 1500-1600.

Sorry, I tried to call as it would be good to have a quick chat but you were not there. I didn't leave a mobile message as there wasn't a voicemail to confirm it was your number.

Thanks, [redacted]

Hi § 9(2)(a) and others

We are happy to have an initial discussion on Friday 13th .

However, we will not be able to come up with a strategy for recommending or supporting funding allocation in time for the Governance Board to make decisions on any applications at its meeting on 18th – if that is the concern.

We would be happy to work to a later deadline, if we can. Perhaps a future governance board date?

I understand that this may place you in a difficult position for the meeting of 18th September and am happy to discuss what else we may be able to do to help.

Hi § 9(2)(a)

I'm concerned that the 17th is too late for us to meet as the Governance Group meeting is on the 18th.

I've spoken with § 9(2)(a) who could find availability on the 13th if you're able to?

1300-1400 or 1500-1600 would work well for me, but I could look to move other obligations in order for this to go ahead.

Kind regards,

Subject: We just secured funding for animal evacuation training! 🐾

Kia ora ,

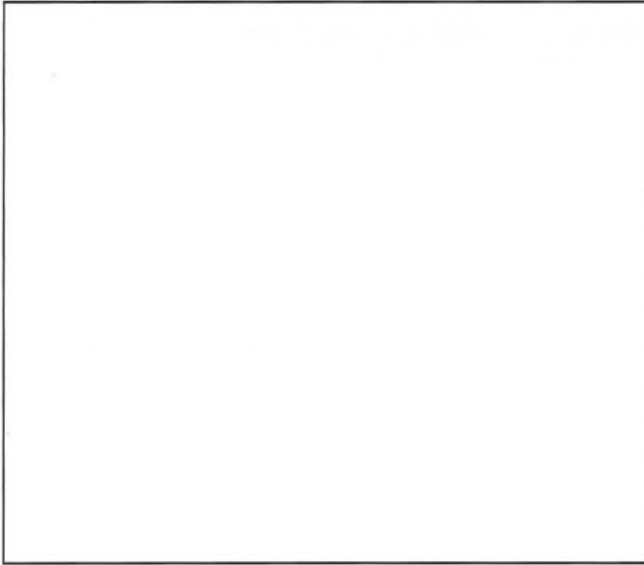

I wanted to let you know that **we've secured access to training funding for animal evacuations!**

This means animal organisations like yours will now be able to apply for to Emergency Management Adult Community Education funding to support the training of volunteers to support animals in emergencies.

As an organisation dedicated to looking after the welfare of animals, I wanted to **thank you for the incredible work you do** and for advocating for the welfare of animals.

I know it's been frustrating for organisations not have access to this funding for training so I'm really pleased that by working with Education Minister Chris Hipkins we've managed to fix it.

[Check out this video with Steve Glasson from Animal Evac NZ Trust talking about the announcement today:](#)

We know that in times of crisis, many people risk their lives trying to save their animals so this will improve safety for human and animal alike and will mean we are better prepared as a community when disaster strikes.

Ngā mihi nui,

Gareth Hughes
Green Party MP and Spokesperson for Animal Welfare

P.S. If you're interested in applying for Adult and Community Education Emergency Management Funding for this purpose [you can find out more information on the funding requirements here](#) or email [§ 9\(2\)\(a\)](#) at the TEC for specific advice at [§ 9\(2\)\(a\)](#) [@tec.govt.nz](mailto:§ 9(2)(a)@tec.govt.nz).
