

21 December 2018

Dear FJ Conquer

fyi-request-8882-5dce98c6@requests.fyi.org.nz

Local Government Official Information and Meetings Act 1987

CAS-887427-W0P8H6

Thank you for your email dated 16 October 2018, requesting information about unenforceable areas in the Auckland CBD due to Sign, Road Marking and Pay and Display Machine faults. I apologise for the delay in this reply.

You will find attached the current list, from 18 December 2018, of Sign and Roadmaking faults that have been reported to my Signs and Markings Coordinator in the Auckland CBD area. However, please note that the information on this list changes on a daily basis, as new faults will be added and others taken off as they have been amended.

Auckland Transport (AT) are not aware of all faults. AT are only made aware when a fault has been reported either by a member of public or a Parking Officer who has come across the fault .

You will also find attached a list of locations where Pay and Display Machines have been temporarily removed due to Construction, Road Works and City Rail Link construction.

All faulty pay and display machines are attended to within two hours of an alert. Unfortunately, a list with this information cannot be provided, as it does not exist due to the fact it would be changing every few hours.

Victoria Park is Auckland Council (AC) Parks and Reserves. AT do not have the authority to implement parking restriction changes within this area, this needs to be approved by AC. We are not aware of any plans to introduce paid parking in Victoria Park at this stage.

AT parking officers currently monitor Victoria Park P120 carpark 4 days during the working week. It is also part of a weekend beat allocated to an officer with many other areas. During the weekends, AT join multiple areas together, so a parking officer may not always manage to monitor in this carpark.

We trust the above information has addressed your request however should you believe that we have not dealt with your request appropriately, you have the right in accordance with section 27(3)

of the LGOIMA to make a complaint to the Office of the Ombudsman and seek an investigation and review in regard to this matter.

If you have any further queries, please contact Auckland Transport on 09 355 3553 quoting Official Information request number CAS-887427-W0P8H6

Yours sincerely

A handwritten signature in black ink, appearing to read 'John Strawbridge'. The signature is stylized with a large, sweeping loop on the left side and several smaller loops on the right.
