Kia ora Team

Please see attached a document that has been approved by the VC and will be available for all staff to read on the Vic website.

This is in response to allegations in the media about halls students being “evicted” following suicidal and behaviour.

If you are caring for students who are in halls and are worried about this or who have had any concerns about how they have been treated in halls in the please encourage them to speak to someone about this. This could be me or Kevin or you could put them in touch with Cath Green who is the Associate Director in Campus Living in charge of Student Accommodation.

Cheers

Gerard
