Enquiry: 2747147	Logged by: Withheld under section 7(2)	on 13/12/2018 13:24
Service: Street Cleaning Classification: Complaint Subject: General Enquiries/Complaints Desc.: Emailed regarding original SR 2726090 regarding the cycle lane on Victoria Street. The street cleaner truck brushes rubble and rubbish into the cycle lane which then doesnt get swept so that the cycle lane is dangerous. Hass been told previously that the cycle lane is swept but he says is not done often enough. Would I ke to know how often it is done and how regularly it should be done. Please contact to advise.
