Enquiry: 2749646	Logged by: [Redacted]	on 21/12/2018 01:13
Service: Traffic Lights	Classification: Request for Service	
Subject: Timing and Phasing		
Desc.: By the way, I "ran" another red light on Wakefield st at Taranaki st going towards the Quay's around 2pm today. Entered on green, orange half way, red just before I exited. I actually told the council about this several years ago so unsure whether this was ever fixed. I can download the video and crop it if you think it will help (or even get watched...)
