Dear Mr Davenport

I refer to your Official Information Act request of 20 January 2019 for information relating to GPS equipment in Police vehicles.

You requested:

- 1. I would to know whether any location tracking devices (such as GPS) are installed in police cars. If such devices exist, I would like to know how long the data stored on them is retained for.*

New Zealand Police does not have any location tracking devices installed in any of its police vehicles.

You have the right, under section 28 (3) of the Official Information Act 1982 to ask the Ombudsman to review my decision if you are not satisfied with the way I have responded to your request.

Yours sincerely

Superintendent Steve Grealley
