Subject: ZX Security - Upcoming Advanced OSINT Training - Auckland & Wellington Dates

Greetings,

ZX Security is looking to run our 2-day Advanced Open Source Intelligence course in both Auckland and Wellington next month, we have moved to an online registration & invoicing system which we hope will make it a lot easier for everyone.

So if you, or someone from your team would like to register (discounts available for 3 or more registrations), please visit the following URLs:

Location: **Wellington**
Course Dates: 20 – 21 June 2016
URL: [6\(c\), 9\(2\)\(b\)\(ii\)](#)

Location: **Auckland**
Course Dates: 23 – 24 June 2016
URL: [6\(c\), 9\(2\)\(b\)\(ii\)](#)

The courses will run if we have a minimum of 4 people at each location. Alternatively, if you would like to run a private session for your new recruits get in contact and I will arrange something accordingly.

Let me know if you have any questions, and please feel free to forward this on to your friends and colleagues.

Cheers,
Simon

Greetings,

I trust you all had an enjoyable break and are now getting back into the swing of things.

I am planning on being in Auckland on Wednesday 3rd of February and was wondering if any of your colleagues are interested in attending my Advanced Open Source Intelligence (OSINT) course. I was looking at running the 1-day course but am happy to run the 2-day course (starting on Tuesday 2nd of Feb) if there is interest.

Please get in touch and let me know within the next week if you have anyone wishing to attend.

Cheers,
Simon

Hi Simon

No worries. It was a great course and an eye-opener for all of us. We just need to keep the momentum up in our agencies in respect of this work 😊.

I had a look at the attachments. I think that in your spreadsheet I am the DIA B person which states that the cost is \$1582.75 (1 attendee for 2 days). However, you have invoiced me for \$1558 which is the DIA A allocation (2 attendees for 1 day).

Please find attached the invoice for the OSINT training held in Auckland on September 24/25th.

Thanks for organising the training! I know it was a bit of an effort on your part and lots of back-and-forth between all the attendees. Your hard work was greatly appreciated 😊

I have attached the final breakdown of costs, since 1 [redacted] wasn't able to make it on the second day I haven't charged for that, I did keep the room share costs the same though across all the departments so hopefully there are no surprises.

I will let you know if anyone else joins the course and provide you with any updated costings (I have asked Simon to send us all our invoices after the course in case the number of attendees increase in the meantime and reduce our current costs). Again I have attached the latest costings that I sent you recently. The current attendees are:

Auckland City Police

Hi 1 [redacted]

Yes, I have told Simon that there will be different cost codes (this will likely be the case for other agencies as well).

The two PREA staff are only attending Day 1 of the course. Everyone else is doing two days.

I have opened the course up to other CLAGs as well in order to try and reduce the cost even further. It has dropped from about \$1800 so far so if we can get it down a little more it is a win for everyone. However, we can only take another four people. I will let you know if it is reduced some more.

1 [redacted] we need to make sure the costs of this training get properly invoiced.

I note the total DIA cost is \$3,140.75 –to be split across two people.

That means our share for you is \$1,570.

Please tell Simon that his invoice must state both Cost Codes to be invoiced (ours is 1374), so we can ensure the cost is split properly.

Good afternoon everyone

We now have someone from MBIE joining us on the ZX Security OSINT course and also another DIA person (from 1 team) for Day 1. This means that the shared training room hire cost has come down even further. I know you will all be jumping for joy at this news 😊.

Simon's updated cost spreadsheet is attached to reflect the new costings to agencies (the 15% CLAG discount is included). I have suggested that he invoices all of us *after* the training in case anyone else decides to join the group. Simon has advised that he can invoice business units within your agencies individually if that is required. You will just need to provide Simon with the relevant cost codes.

Cheers

Simon is going to send out the invoicing to the agencies. I have been rounding up the interested parties from the Auckland CLAG.

Simon, I take it the cost changes for everyone again with the addition of another person (are you able to resend the new costings?). In response to your question about whether to invoice before or after the course, I think perhaps it would be better to invoice afterwards just in case we have any other people who wish to join the training.

1 we are happy to have you as part of our group. It is made up of MPI, Police and DIA intel/investigations/compliance staff.

Just to let you know we've managed to successfully get an Auckland CLAG course together for late September. Thanks for sending the course info through originally 😊.

We have 9 attendees for Day 1 and 7 for Day 2. Simon advised that he can comfortably take 11. If there are any other CLAG people from around the country who would like to join our group and take advantage of the relatively low training room hire please let me know. The more people that we have the lower the cost of the room hire. Simon asked if 1 [redacted] could attend and I said that is fine so she is on the list (I have never met her before).

Have a great weekend.

Good morning everyone

The good news is that now everyone has confirmed approval on Simon's OSINT course (and the course cost has not changed).

However, the four MPI staff who are attending are on an operation until the end of September.

1 | 1 | and Simon, could you please advise whether 24-25 September works for you. I am OK with these dates as are MPI but we need to ensure they are good for all attendees.

Kind regards

Hi 1 [redacted]

Simon is going to send out the invoicing to the agencies. I have been rounding up the interested parties from the Auckland CLAG.

Simon, I take it the cost changes for everyone again with the addition of another person (are you able to resend the new costings?). In response to your question about whether to invoice before or after the course, I think perhaps it would be better to invoice afterwards just in case we have any other people who wish to join the training.

1 [redacted] we are happy to have you as part of our group. It is made up of MPI, Police and DIA intel/investigations/compliance staff.

Cheers

Hi 1 [redacted]

The costs are actually slightly lower because an extra person from DIA is attending one day of the course – I was only told this this morning. Also MPI only properly confirmed this morning.

24-25 September suit everyone so I will advise Simon we are good to go for these days. I will provide Simon with your email address so he can send the invoice to you for your two staff.

Cheers

Hi again team

Simon has proposed new course dates of 3-4 September. Does this work for you all?

Also, there are concerns that if an attendee pulls out that then the cost will increase for the other participants (because of the shared training room cost per day). If this occurs due to illness or other unforeseen circumstances, could you please advise your agency to send someone else in that person's place. Our Managers have all approved expenditure to cover a certain cost per person and this cannot be changed.

Cheers
