The Senior CCTV Camera Operator responded with following comments....

We are unable to assist with this enquiry.

The time frame requested (5 days) is too long to save.

We would only save this amount of footage for a serious offence and then we would want the time frame narrowed down.

The cameras at these intersections are not clear enough to identify who was driving the stolen vehicle so although we may locate the vehicle we would not get a clear picture of who was driving it.

If you have any questions, you may contact

You have the right to ask the Ombudsman to review my decision if you are not satisfied with Police's response to your request.

Yours sincerely
