**Subject:** [Redacted] information request

Morning Paul,

Another information request by [Redacted]:

In addition, I would like to make a follow-up request:

Can I please have any evidence the council of any cyclists travelling at a speed lower than 20km/h on any intersection without the council's control. This could be any internal design (such as when the various bike lanes (Victoria st, island bay, oriental bay, etc) was developed or monitored, any personal experience of any cyclists employed by or contracted by the council (such as the Mayor I believe is a cyclist, as well as the ex-Mayor), any submissions in from the public (such as my various comments when I'm travelling, for example 14.2 km/h.

In regards to cycleway projects, was there any types of measures that Council performed that related to the design?

As for collating feedback from Council employers and Councillors, I am going to decline because of the time it would take.

Look forward to hearing from you.

Thanks

Ana Nicholls
